Jean Monnet Activities

2. Evaluation process

The Call for Proposals for Erasmus+ centrally managed actions Erasmus Mundus Joint Master Degrees and Jean Monnet Actions was published in the Official Journal of the EU on 2 October 2014. In total, **879 proposals** were submitted for Jean Monnet activities. These covered the sub-actions as follows:

- 409 applications for Jean Monnet Modules,
- 156 for Jean Monnet Chairs,
- 63 for Jean Monnet Centres of Excellence,
- 39 for Jean Monnet Networks,
- 175 for Jean Monnet Projects,
- 18 for Support for Jean Monnet Institutions,
- 19 for Support for Jean Monnet Associations.

Additional FPI funds of 3.5MEUR targeted at projects from seven countries¹ were added to the 11.444M EUR earmarked for Jean Monnet Activities in the Erasmus+ 2015 Work Programme².

An Evaluation Committee which included representatives from EACEA and from the associated Directorates-General of the European Commission as well as a panel of 22 experts supervised the overall assessment procedure, to guarantee equal treatment of all applications

¹ Brazil, Japan, Mexico, Russia, Singapore, Taiwan, USA.

² European Commission Decision of 30 September 2014 - [C(2014)6856]

through a fair and transparent application of the selection procedure, in order to make a grant award proposal to the Authorising Officer at the Agency.

Of a total number of 879 applications received, **24 proposals** were declared **ineligible** for four main reasons: proposal not submitted on the official application form (16 cases); applicant institution does not hold a valid ECHE (2 cases); proposal submitted by an ineligible institution (3 cases); specific eligibility criterion for the Action type not met (3 cases).

Applications found to be eligible after the verification of the formal criteria established in the call for proposals were assessed by 22 independent experts (representing 13 nationalities). Each proposal was evaluated independently by two experts giving marks in accordance with a set scoring system and providing comments. Major differences between assessments were discussed and when necessary a third assessment took place.

3. Results of the evaluation process
