EU DIRECTIVE ON MEDICINAL PRODUCTS

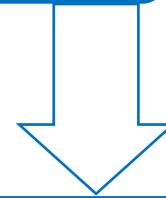

The first EU directive on medicinal products dates to 1965

ALBANIAN PHARMACEUTICAL LEGISLATION

The harmonization of this legislation in Albania has not been reached yet.

The 1990s were very significant years for the development of the pharmaceutical system in Albania.

PHARM-EU OBJECTIVES

- Expanding the curricula of the health professionals, by providing a separate optional module on the “Harmonization of the Albanian Pharmaceutical Legislation with the EU pharmaceutical directive”.
- Fostering knowledge and increasing visibility on the EU pharmaceutical directives and best practices of EU countries
- Have an impact on the implementation of EU pharmaceutical directives in Albania
- Foster the dialogue inside the academic world and between the academia and regulatory agencies, policy makers and experts
